

CE214-00 Coaching Contractors in IECC Residential (3)

Course Code:	CE214-00
Course:	Coaching Contractors in IECC Residential
Hours:	3 Hours
Designed For:	Building Designers, Building Officials, Building Inspectors, Plan Reviewers, and Contractors.
Prerequisites:	N/A
Class Size:	N/A
Restrictions:	N/A
Fee:	\$23

Course Description: This course is designed for building officials and inspectors who interact daily with contractors and subcontractors who may be struggling to interpret and comply with the requirements of the residential requirements of any of the latest editions of the IECC. Official coaching sessions conducted by members of the local building department may be the best way to alleviate the inevitable confusion surrounding this new style of code. This course provides a framework concept of the approach such a department might take.

Course Goals: To provide students with patterns and suggestions for local building officials and inspectors to follow as they coach their local contractors toward compliance with the locally adopted edition of the IECC.

Course Objectives:

- Understand how to navigate the IECC
- Understand the Residential scope of the IECC
- Understand how to best explain specific, residential passages of the IECC
- Understand how to encourage compliance with the IECC

REQUIRED STUDENT MATERIALS

Pen, Pencil, Paper and Highlighter

REQUIRED INSTRUCTOR MATERIALS

N/A
